

The graph displays the elevation profile of the 'Kilometerstein' section. The y-axis shows elevation in meters, ranging from 453 to 469. The x-axis shows distance in meters, ranging from 0 to 450.00 m. The profile is marked by vertical red lines at specific points: E1, E2, E3, E4, E5, E6, E7, E8, E9, and E10. The elevation starts at approximately 467.75 m at E1, rises slightly to a peak of 468.30 m at E3, and then decreases steadily to approximately 453.00 m at E10. A yellow line represents the measured profile, and a grey line represents a reference profile.

Point	Distance (m)	Elevation (m)
E1	0.00	467.75
E2	50.00	467.40
E3	100.00	468.30
E4	150.00	467.65
E5	200.00	466.05
E6	250.00	464.10
E7	300.00	462.45
E8	350.00	460.00
E9	400.00	456.00
E10	450.00	453.00
